Diablo Valley College *May 2023*
Associate's Degree in Psychology

University of California, Berkeley Extension *December 2023*
Certificate, Full-Stack Web Development

Skills:

HTML 5, CSS, Git, JavaScript, jQuery, Bootstrap, AJAX, JSON, Node.js, Object-oriented programming, Express.js servers, MySQL, Sequelize, Model-view-controller, Handlebars.js, Unit Testing, Heroku, MongoDB, NoSQL, Progressive web apps, React, MERN Stack

Professional Experience:

Lafayette Veterans Memorial Center, Lafayette, CA - Event Staff July 2019 - September 2023

- Ensured client satisfaction by providing clear communication and insightful suggestions during event planning tailored to accommodate 300 people.
- Effectively coordinated a 6-hour Bat Mitzvah for 250 attendees through meticulous and ongoing collaboration with the client, as well as delegation of tasks among fellow staff members.

Henkel, Bay Point, CA - Quality Lab Specialist May 2021 - October 2022

- Mitigated \$30,000 in company expenses by detecting foreign contaminants in the adhesive product originating from factory machinery and effectively communicated with team members to promptly address and resolve the issue of foreign contamination.
- Utilized Microsoft spreadsheets to organize and analyze experimental data, while generating an average of 3 evaluation reports per workday with Google Docs.
- Successfully trained three new employees for the identical position I occupied within a six-month timeframe.
